Large Viet Cong Force Is Flushed Out of Hideouts

SAIGON, South Viet Nam (AP) — South Korean Marines and Vietnamese paratroopers have flushed a large Viet Cong force out of hideouts in hundreds of caves and tunnels in the coastal hills near Tuy Hoa, 240 miles northeast of Saigon. Six Skyraider fighters bombed the hideouts, and the Viet Cong fled in the open as "Operation Jefferson" drew to a close, and the pilots claimed that 60 of the black-clad insurgents were killed.

Peace Plea Is Renewed To Council

UNITED NATIONS, N.Y. (AP) — U.S. Ambassador Arthur Goldberg today renewed President Johnson's appeal to members of the U.N. Security Council to help arrange peace talks on the Viet Nam problem. The request was contained in a letter from the chief U.S. delegate to Secretary-General U. Thant.

In the absence of the secretary-general on vacation, Goldberg handed the communication to Undersecretary Jose R. Hernandez. Goldberg reviewed the recent moves made by the United States in its concerted drive for Viet Nam negotiations. He asked that this letter be transmitted to the other 15 members of the U.N. Security Council and that all organs of the United Nations give "earnest thought" to what they might do to help achieve peace.

Arabs Are Joining in Peace Drive

CAIRO (AP) — The United Arab Republic is joining the Viet Nam peace drive following President Gamal Abdel Nasser's meeting with special U.S. Ambassador W. Averell Harriman, the authoritative newspaper Al-Ahram reported today.

Harriman met with Nasser for nearly two hours at the Egyptian president's home Tuesday night. The American envoy called the talk constructive and useful.

At Al-Ahram, Nasser's leading journalistic voice, said Egyptian diplomats will pursue the peace effort in Hanoi, Peking and Moscow as well as in Belgrade, New Delhi and other so-called neutral capitals. It emphasized, however, these would be "contacts" rather than mediation.

The paper said the Egyptian effort would be helped if the United States continued the suspension of bombings, raids on North Viet Nam and halted the American troop buildup in the South.

The trooper is a member of the U.S. 13th Airborne Brigade and was one of the first Americans wounded New Year's Day as the 173rd, along with Vietnamese and Australian battalions, began searching for Viet Cong in country long dominated by the Communists. County Zoning Goes Into Effect on Feb. 1

The new zoning ordinance, passed Tuesday, goes into effect Feb. 1. According to the county commissioners' construction covered in the ordinance will require a permit after that date. People may build anything they desire, as the ordinance only stipulates as to where the building may be done and no specifications are required. If there is a violation of the law a letter will be written to the violator and he will be afforded the opportunity to reply and make compliance prior to any official action on the part of the Zoning Commission.

The law will be published in its entirety in the Times-News, prior to Feb. 1 and, according to commissioners, should answer any questions.

The commissioners said they feel no apologies are necessary to anyone.

Said Maurice Kinas, "The people voted it in and we have done the best we could."

After the much argued signing, Morris Carlson, county chairman, said, "One main reason for this zoning law is to avoid federal control. We should handle state affairs on our own."

Any person desiring an amendment to the ordinance may submit a written petition to the Twin Falls county clerk, together with a \$15 fee. The clerk, in turn, will read the petition to the commission.

Reliable sources report that the commission will not announce its candidacy at the Halley meeting, but will wait to observe the enthusiasm the "Draft Walker" movement generates.

"It is expected the Blaine committee will be followed by the formation of several similar groups in Magic Valley, likely in Twin Falls, Jerome and Blaine."

According to Miss Mizer, the Blaine "Draft Walker" organization, first, given preliminary consideration Dec. 19 "over coffee" will begin full-scale activity by organizing a Draft Walker march at the Monday meeting.

Blood Donors Top Quota by 6 Pints

Twin Falls area residents turned out in force Tuesday afternoon to exceed a 150-pint blood quota by six pints. Jack Swisher, Twin Falls blood program chairman, expressed appreciation for "Twin Falls area residents starting the year out right by donating blood."

Of the 158 pints donated, 74 were replacements. Actually, 163 prospective donors turned out at the drawing in the American Legion Hall, but seven were rejected.

A Hansen woman, Mrs. Helen Reynolds, was awarded a seven-gallon pin and a Kimberly woman, Mrs. Helen Day, received a six-gallon pin. Mrs. J. C. Nicholson, Jerome, received a three-gallon pin and two-gallon pins were awarded to Kent Darrington and Robert A. Taylor.

One-gallon pins were awarded to Joe Astorquin, Dale Potter, Michael Mazzone, Russell Pitter, Richard Heine, Richard Webb, Wayne Bates, Garret Wilson, David Marris, Virgil Groves and Miss Daryle Nye.

Peace Officer Training program donors topped the list of organization donors with 14 pints. The LDS Church was second with 12, followed by the Elks, 7; Idaho Power, 6; St. Edward's Catholic Church, 5; and the Church and Typographical Union with 3 each, and Sears, 2.

The Typographical Union Auxiliary furnished cookies and milk. Thanks to these two organizations and to L. James Kunkle of the American Legion, who furnished the hall for the drawing, were expressed by Swisher.

Doctor in attendance was Dr. Willard Clark and staff aides were Mrs. Mary Ann Clark, L. Kunkle, L. C. and practical nurse was Mrs. Annie McFarland and nurse aide was Mrs. Richard Clark.

Canteen workers were Mrs. Chas. H. Hays, Mrs. William Hoops, Mrs. Maxine Harper, Dr. J. H. Hays, Mrs. Ellen Fuller, Mrs. Glenn Nelson and Mrs. C. M. Lanning were typists.

He said his surprise the Mayor of Bogalusa, Ala., had threatened violence against him and a group of others invited former Rep. Brooks Hays of Arkansas to speak there.

"It had nothing to do with integration," Ralph Blumberg told the House Committee on Un-American Activities. He said Hays, a former presidential spokesman, had been invited to speak on "better community relations," said "this was a matter of freedom of speech."

He said to his surprise the Mayor of Bogalusa, Ala., had threatened violence against him and a group of others invited former Rep. Brooks Hays of Arkansas to speak there.

Blumberg, who bought station wagon in Bogalusa in 1961, said the Klan organized a boycott of the station and threatened-against him to make them stop. He said he had been invited to speak on "better community relations," said "this was a matter of freedom of speech."

Blumberg said an anonymous telephone call rang last night for two hours and said he and those of his wife and children.

Agenda Is Slated for Legislature

BOISE (AP) — An agenda of at least a half dozen subjects — and perhaps more — was listed today as likely for the special session which will be called next month to deal primarily with reappointment of the Idaho Legislature. Gov. Robert E. Smylie said he expects to have public leaders who met agreed on Feb. 14 as the tentative date of the session. But he said there was no final agreement at the meeting which went past midnight, on the subjects to be discussed.

In addition to reappointment, it is likely, however, Smylie said, that the call also will include these matters:

—Appropriation of funds for projects by the State Fair for the 1967 World Boy Scout Jamboree.

—Coping of a "loophole" in the state gasoline law which now exempts from the state tax some fuel purchased outside the state but delivered for use in Idaho.

—Adjustment of reporting rates in the new sales tax law with the aim to reduce the volume of bookkeeping required of businesses.

—A memorial intended to give Idaho equal voice with Oregon and Washington in controlling the upstream migration of salmon and steelhead fish.

—A few minor appropriations required to match federal aid which has been available since the 1955 session.

—A report from the Constitutional Revision Committee created by the 1955 Legislature, perhaps including action on some proposed amendments.

—The possibility of a change in the procedure for amending the Constitution.

Smylie said there will be more (See LEGISLATURE, P. 2, Col. 3)

N. Y. Mayor Enters Talks on Strike

NEW YORK (AP) — Mayor John Lindsay entered strike negotiations today hopeful of getting subways and buses back in operation before a final solution is reached. Lindsay sought an "interim settlement" for the transportation strike which has gripped the city for five days, since the day he took office. Deputy Mayor Robert Price announced that Lindsay hoped to get the Transit Authority, and two striking unions, back to work by Tuesday.

Lindsay's aide said the mayor began to say with talks until an agreement for service is worked out.

Price said it was felt an "interim settlement" would be reached within "a general framework" which would leave details of a new labor contract to be settled by bargaining.

At the same time, the Office of Management and Organization of merchants along the Avenue of the Americas, asked President Johnson to "intervene by urging the members of the bargaining units to return to work while negotiations continue."

Meantime, the morning work rules began to "normalize" the city's transportation. Commissioner Henry A. Barnes, overseeing the flow, said drivers apparently got an earlier start.

In an effort to ease the more clogged evening travel rush, the city recommended that businesses in lower Manhattan voluntarily stagger work hours.

"By spreading the peak over a longer period, it will ease the pressure," Barnes said. "We'll be able to cope with it."

The bargaining talks were thrown into a turmoil Tuesday by the falling and collapse of the former group's "day-to-day" agreement. It and eight other officers of two striking unions were arrested on the order of a judge who found them in contempt for ignoring a court order forbidding the strike.

Within hours after entering jail, Quill, a 60-year-old heart patient, collapsed.

A Bellevue Hospital spokesman said that Michael Quill "looks improved, his color is back and he's more like himself."

Baker Indicted

WASHINGTON (UPI) — Former Senate aide Robert G. (Bobby) Baker was indicted by a federal grand jury today on charges of tax evasion, conspiracy and other offenses.

Atty. Gen. Nicholas A. deLoach urged that Baker be indicted charged that Baker understated his income by \$54,588 for 1961 and 1962. Baker was accused of evading \$120,000 in federal income taxes for those two years, the Justice Department said.

COUNTY COMMISSIONERS look at the new zoning ordinance they have just signed. The signing Tuesday turned into a session of loud arguments when about 20 citizens came to demand a delay in the signing. Dirksen Signals Coalition to Cut Back "Great Society" Program Funds

WASHINGTON (AP) — Senate Republican Leader Everett Dirksen today signaled a coalition effort today to cut back "Great Society" program funds in President Johnson's new budget.

The White House predicts the budget will total \$110 billion to \$115 billion.

Dirksen said in a telephone interview that Congress is faced with three possible courses in meeting the mounting costs of the conflict in Viet Nam.

"We can either let the Great Society program go the shelf, we can cut it, or we can cut it," he said.

Republicans would need Democratic support to succeed and Sen. John L. McClellan, D-Ark., often spokesman for conservative, indicated some support will be forthcoming.

McClellan, a member of the Senate Appropriations Committee, voiced the opinion that Congress "may have undertaken a major job in the past few years in approving so many of Johnson's domestic programs last year."

He said the White House prediction — the budget — "reinforces my view that we should cut it."

Recruiter Is Arrested for Taking Bribe

NEW YORK (UPI)—The FBI Tuesday arrested a military recruiter, the second in less than a month, on charges of taking a \$25,000 bribe to allow a civilian to join the National Guard in order to beat the draft.

The alleged bribe was paid to Sgt. Joseph M. Blazer, an 11-year veteran from Brooklyn. He allegedly solicited and received money from Douglas A. Plant of New York to put his name at the top of the National Guard waiting list.

On Dec. 2, the FBI arrested Sgt. Blazer for alleged solicitation of a bribe to allow a civilian to join the National Guard.

Under federal law, a young man may choose to serve a few months on active duty in the National Guard and a number of years in the reserve instead of two years in the Army.

Campuses Are Targets for Picketing

SYNOPSIS AND AGRICULTURAL SUMMARY

A westerly flow of warm moist air from the central Pacific will continue over the agricultural valleys of southern Idaho today and tomorrow. This will continue the pattern of considerable cloudiness, a few periods of light rain in the lower valleys, and light snow or sleet in the higher valleys. Heavy accumulations of snow will continue in the mountains, especially on the west and south slopes. Winds will not be quite so strong today and tonight, but are likely to increase again Thursday or Friday.

Maximum temperatures will be mostly in the 40s over Magic Valley. Lows at night will range from the 20s in the eastern valleys to the upper 30s in the western valleys.

FIVE-DAY OUTLOOK

A blocking pressure pattern has become established in Alaska that will cause the weather to change in the northern states east of the Continental Divide. Southern Idaho will continue relatively mild. The centers of Pacific storm systems will move across Washington and Northern Idaho at request intervals. However, the westerly winds aloft have had a long fetch over the central Pacific and are carrying a full load of moisture. Therefore, the weather will continue in the mountains of light precipitation will continue over the valley areas and heavy snow will continue over the west and south slopes above about 5,000-foot elevation, especially north of the Snake River. Some of the storm track signs a bit southward.

The flow of warm moist air from the central Pacific will hold through the middle of the week, but will be replaced by the first half of the period, and likely also on Thursday. Some normal maximums and minimums for this time of year are given below.

RICHFIELD—Richfield village board trustees appointed officials at the January meeting Monday night.

Clifford Ward, vice chairman, presided in the absence of Albert, chairman, who is vacationing in Texas.

Charles Sluder was appointed as Chairman Ward to investigate possibility of obtaining a tractor and equipment to take care of problems needing equipment use.

Possibility of asking the Boy Scouts to resume their annual cleanup day this spring was discussed by the trustees.

Firemen with a good record of attending voluntary meetings were listed as Ronald Bell, T. Sanders, Clifford Conner, J. M. Brown, Dale Whitesell, Duane Stilton, Theo B. Bruch, Donald Myers, Melvin Pope, Lyle Elper and Guy Bottles.

Pistol Shooting Trophies Presented to T. F. Police

Twin Falls City Police Detective Cloyd Edwards was presented the trophy Tuesday night for holding the high-point aggregate score in police pistol shooting competition.

Edwards and a four-man high-point team were presented awards by O. J. Smith, city editor for the Times-News, which sponsors the trophies each year.

The trophy presented to Edwards is retired after the game officer has won it three times. This is the second time Edwards has won the trophy. He also was presented a smaller trophy to keep.

Members of a high-point team, which shot 5,222 out of a possible 7,200, are William Vickers, Lee Talkington, Terry Pierce and Gary Bates. Each member was given a trophy.

Chief Frank Barnett, Smith, city editor for the Times-News, presented the trophies on behalf of the Times-News, which sponsors the trophies each year. (Times-News photo)

Edwards' total was 1,607 out of a possible 1,800 points.

All department members take part in the practical pistol course over a period of three months. A team representing the local unit will take part in an Idaho Peace Officers' Association meet in June at Burley.

Police Chief M. Frank Barnett said officers shoot at a prehe target, which is a man-shaped target with scoring rings. Such target practice provides not only a means of friendly competition between officers, but also provides a necessary portion of police training, it was pointed out.

Vietnamese Officers Blame Hanoi for U.S. Bombings

VIENTIANE, Laos (AP)—Two North Vietnamese army officers captured in Laos claimed today that many North Vietnamese blame the Hanoi government for U.S. bombing of their country.

"The people are angry in their hearts with their leaders," said Cadet Officer Pham Dinh Thuan, 30, in an interview, "but they are too frightened to oppose them."

Pham said the North Vietnamese people know America is bombing their country because their government is sending men and supplies to the "big war" in South Viet Nam. He said his people are not interested in fighting in the South.

"The American bombings have caused too much damage," said Thuan. "They have killed too many lives. Pham said through an interpreter, 'The people of North Viet Nam want the bombing to end. They want peace. Everyone has had enough.'"

Pham's commanding officer, Le Huy Linh, 37, also said "runny" North Vietnamese blamed their government for the bombing. Both he and Pham said American bombs had fallen on many nonmilitary targets and killed many civilians.

Le said 102 bombs fell last September on his village in the southern province of Vinh, and killed 22 civilians.

Pham, also from Vinh Province, said U.S. planes bombed the local hospital in the Quynh

All Minidoka Escapes Are Apprehended

RUPERT—All seven prisoners who escaped from Minidoka County Jail in December, including two who escaped twice in the same car, have been apprehended in various states, Sheriff Theo Johnson said Wednesday.

Eugene Schmidt, 31, Idaho Falls, the last to be apprehended,

was picked up in Needles, Calif., Monday. Ralph Poindexter, 33, Spokane, Wash., and Schmidt escaped twice—from the county jail, each time getting away in a 1961 Chevrolet, owned by Melvin Madsen, Rupert. Poindexter was arrested this week in Bakersfield, Calif., while attempting a burglary.

The pair first was picked up in Craig, Colo., along with Robert Knight, 28, Rupert, who elected not to leave a second time. Knight was being held on AWOL charges and Poindexter and Schmidt on forgery charges.

Dennis Clark, 21, Oakley, was apprehended earlier in a car he stole in Texas and drove to Juarez, Mex. He was transferred to El Paso, Tex.

Sheriff Johnson left Minidoka Tuesday night by train to bring two other escapes back to Rupert from Arkansas.

James Given, 20, Burley, and Halbert Bridger, 20, Tacoma, Wash., are being held in Little Rock, Ark., where they were driving a car stolen in Texas. Judy Brauburger, a seventh escapee, turned herself in voluntarily shortly after escaping.

after Poindexter, was able to pick the lock on the outer door and break into the sheriff's office and remove the keys.

During the second jail break, Poindexter and Schmidt were aided by two youths; Celestino Torres and Philip Vigil Jr. The boys opened the jail door and went out to get the sheriff's keys, which had been tossed on a canal bank west of Rupert, after the first jailbreak.

PRIORITY GIVEN
BOISE (AP) — Top priority has been given the Idaho Falls area for construction of community mental health facilities, Dr. Robert E. Smylie, state health administrator, said Tuesday.

The priority, for the 1965-66 fiscal year, is in a plan for allocation of federal funds available to Idaho on a matching basis, Dr. Carver said.

The plan gives secondary priority to the Coeur d'Alene area and even lower priority to Lewiston, Boise and the Twin Falls areas, he said.

EX-SHERIFF DIES
IDAHO FALLS (UPI) — A. E. Hedley, sheriff of Bonneville County from 1937-44 and prior to that a deputy sheriff, died Tuesday at the age of 63 of a prolonged illness.

Hedley, active both in the Idaho Peace Officers Association and the Idaho Sheriffs Association, had heart trouble and sustained a stroke several months ago.

CONSIDERS TEST
BOISE (UPI) — The chairman of a group called "Citizens Committee for Home Rule" Tuesday announced her organization was considering testing the constitutionality of the 1963 Idaho Urban Reapportion Act in the courts.

Mary Jane Root said a "town meeting" would be held in Boise Thursday evening to pursue the possibility further.

She said her committee opposed federal financing of urban renewal programs "and the control that they brought with it." She added her group hoped to abolish the act and the re-appointed Urban Boise Urban Renewal Agency.

PLANS PROTEST
BOISE (UPI) — The dean of the University of Idaho Law School will go to Washington, D.C., later this month to protest a proposed interstate tax-alien act.

Gov. Robert E. Smylie said Dean Phillip Stapp would represent the state at a Jan. 20 hearing of the House Ways and Means Committee.

Smylie said the result of the legislation, which would establish a uniform system of taxation, would be to increase the tax burden on the larger states. He said it would be a sacrifice of the less populous states, and was designed to "fill a breach which really exists" in the government said.

SUIT DISMISSED
BOISE (AP) — A \$105,100 damage suit against Sears Roebuck and Co. involving a gas lamp explosion was dismissed Tuesday.

The suit was filed on behalf of Cecil Berkeley, a minor, who was allegedly dismembered permanently by burns on his face, neck, chest, arms and legs when the gas lamp exploded.

Lorraine Berkeley asked dismissal of the suit and indicated it was settled out of court. The court did not settle the figure.

FURNACE SHUTDOWN
KEELOGG (UPI) — An operational failure at Bunker Hill Co. lead smelter Tuesday resulted in a shutdown of the plant's blast furnace for at least two or three days.

Company officials did not reveal details of the failure.

Several hundred workers were idled by the closure and were advised by company officials to check with supervisors for rescheduling of operations.

AIRSTRIPE READY
SALMON (UPI) — Back country pilots have a new airstrip to use on the Challis National Forest, according to District Ranger Dennis Owen.

Located adjacent to Loom Creek between Grouse Creek and White Creek, west of Challis, the Forest Service strip is 2,450 feet long and 160 feet wide. It was completed the past year.

DINNER SPECULATED
BOISE (UPI) — Gov. Robert E. Smylie was reluctant Tuesday to discuss a possible appreciation dinner for him "such a proposal actually is made."

When someone asked him whether a dinner, similar to one held in November for Sen. Lee Jordan, might be held he referred them to the state fiscal chairman for the Republican Party.

Smylie dismissed as a "provocative question" a query on whether he believed proceeds from such dinners should go to individual candidates or the party coffers.

AID WIDOW
BOISE (UPI) — Jail prisoners have joined together in collecting a fund for the widow of a Washington County deputy sheriff fatally shot on duty Christmas night.

Sheriff Paul Bright said Ada County jail prisoners collected between \$15 and \$20 to send to the widow of Jim Alexander who was slain at a Cambridge Club.

Mary Jane Root said a "town meeting" would be held in Boise Thursday evening to pursue the possibility further.

She said her committee opposed federal financing of urban renewal programs "and the control that they brought with it." She added her group hoped to abolish the act and the re-appointed Urban Boise Urban Renewal Agency.

Political Publishing Ventures Boom As GOP, Demos Seek Campaign Funds

WASHINGTON (AP) — Political publishing ventures, with advertising for sale at up to \$2,500 a page, are being sought by Democrats and Republicans to finance the coming state election campaigns.

Political money men also are showing new interest in the dollar-and-up contributor.

Both trends in state political financing are products of successful ventures at the national level.

One is the newly published book of praise for President Johnson and his programs. All told, 165 corporations bought advertising in that publication at \$15,000 a page.

The other was the money pattern of Barry Goldwater's Republican Presidential campaign, which relied heavily on small contributions and drew a record 300,000 donors.

Taking a leaf from the Johnson book, Democrats in California, Louisiana and half a dozen other states are planning publications of their own, designed to raise money through corporations that buy advertising.

Both Republicans and Democrats are considering a similar plan.

Federal law bars outright political contributions by corporations.

In Louisiana, State Committee chairman J. Marshall Brown said the Democrats will put out "a Democratic directory" listing all officials in the state.

"We will sell it at \$2,000 a full page. We will put out about 10,000 copies."

"It will be a bona fide advertisement," Brown added, and the companies can write it off.

California Democrats are planning a state fact book, including information on state government, plans for education, business and the like.

Advertising will cost from \$200 for a quarter page to \$2,500 for an entire cover.

At the other end of the fund-raising scale is the drive for dollar backing from small contributors. "If a man gives as much as one dollar, he's with the team," said a Republican Finance Chairman Jack Middleton of the Plains, Va. University.

In Michigan, the GOP is sending literature and return-donations.

"If you have 10,000 donors, you have, in effect, 10,000 stockholders in the party. This develops more interest in the party other than the planning part of it. This is grass roots politics."

Both Republicans and Democrats in Oregon are out to broaden the base of their financial structures. The GOP there has set a \$1 million target for a door-to-door campaign seeking new members.

Republican Will Run for Oregon Post

PORTLAND (UPI) — Republican Secretary of State Tom McCall Wednesday formally announced his candidacy for the Republican gubernatorial nomination in the May 24 primary.

McCall is the first to throw his hat into the ring for the governor's race. Gov. Mark Hatfield's second four-year term expires at the end of this year and the state constitution prevents him from seeking a third term.

House Speaker F. P. Montgomery, Eugene, also is considering the gubernatorial race while State Treasurer Robert Straub is expected to enter the Democratic race.

Hatfield is expected to run for Republican nomination for the U. S. Senate.

Actor Provides California With New Style of Politics

LOS ANGELES (AP) — Ronald Reagan's decision to run for the Republican nomination for governor provided California with a new style of politics today and touched off more bitterness in a heated Republican primary campaign.

A half-hour film, shown on 16 television stations, introduced Reagan to the voters Tuesday night — a sharp contrast to the rallies, dinners and news conferences candidates have traditionally used to tell the people they will run.

The viewers saw him standing in a relaxed manner in a comfortably furnished den — it was

Advice Given to Burglary Victims

Twin Falls Detective Tim Qualls said Monday that merchants who find they have been burglarized should "not touch anything or allow anyone, including employees, in their place of business until police authorities investigate."

Qualls said, "The thief always leaves something behind. According to Qualls, a victim's first impulse usually is to see what has been taken, but this hinders police officials in their investigation, he noted.

Qualls also noted that the number on an Idaho driver's license is useless for identification. He said persons cashing checks should get the payee's date of birth and name.

lin E. Waters said the announcement will give the party a chance to decide whether it chooses "to attempt again positions which were overwhelmingly rejected nationally and in California during the last election or whether it will return to the moderate and winning position."

George Christopher, former mayor of San Francisco, said Brown "would decisively beat Ronald Reagan." He chided Reagan for his acting background and said the people will prefer someone of "proven ability."

Reagan avoided mentioning his Republican opponents in the televised talk and at a news conference with some 100 reporters.

But Republicans who label themselves as moderates are lining up behind Christopher and Waters. These generally are those who supported New York Gov. Nelson A. Rockefeller in the 1964 California presidential primary. They say Reagan is too conservative.

NASHVILLE, Tenn. (AP) — Mrs. Irene McDowell, 45, who police said set herself afire New Year's Day because of a severe toothache, died Tuesday in a Nashville hospital.

Metropolitan medical examiner W. J. Core said she left a note reporting the toothache and adding "that she couldn't stand the pain any longer."

Police said the woman had gone to a hospital to have the tooth pulled, but was denied charity care because her husband was employed.

New Dance Beat Is Rated Good Exercise

By ALICIA HART

Parents may plug their ears by dancing to the thumping beat that's come a long way from the original rock 'n' roll is good for youth. (Now that we've said it, they may stop dancing.)

It is recognized as good exercise and keeps them out of more mischief than adults realize. The next step is spilling up their grooming.

Singer Joey Dee gives some tips from his point on the bandstand. He urges young women to wear neat, fluid dresses or skirts that don't look as though they've been through a cement mixer 15 minutes after the first dance set. Sleeveless dresses are cool and comfortable for dancing, he suggests.

Joey Dee also urges the dancers to take extra precautions against perspiration and says he uses a medicated body powder to help absorb extra moisture.

Joey also picked up a tip from a model to help you keep your hair tidy. Use hairpins. Bend one side about halfway down to form a "U." This slips in the hair easily but the little hook holds it in.

Economists Relate Recent Trip to Russia

NEW YORK (UPI) Dr. Ruth C. Hall's main interest concerns kitchen, sinks, the refrigerator and all else connected with the family.

She went to Russia to observe same in the Soviet Union. On her return, she admits that she wasn't prepared on one score.

She and the 18 American home economists with her got into a discussion about Viet Nam and the women's role in the battle for peace.

Dr. Hall, president of the American Home Economics Association and director of the school of home economics at the University of Arizona, Tucson, said Viet Nam came up when the group met in the club room of the Soviet Women's Committee in Moscow.

"A woman interpreter," she said, "told us to use our in-

fluence to stop the Viet Nam war."

Interestingly, Dr. Hall said, "carriers in the club room were addressed to 'the women of Viet Nam.'"

"We were told that women can force peace if they make up their minds to fight for peace," Dr. Hall said.

"We also were informed that there is only one system in the world, one right system, one world, one right system, one world, one right system, one world, one right system."

It was a peculiar spot for the women seeking only information

about family life and the status of women in the Soviet Union, she indicated.

"On other occasions during our 10-day visit to Moscow, Leningrad and Kiev, we were berated over Viet Nam," Dr. Hall said.

"We were told that women ought to force disarmament," Dr. Hall said and her colleagues replied by explaining that they believe in promoting peace by exchanging ideas.

"We also told the critics," she said, "that we believe that

everyone has a right to his or her own system of government."

Also criticized, according to Dr. Hall, were certain aspects of American life.

"We don't think women ought to be slaves to their family," a representative of the Soviet Women's Committee told her. The trapped housewife in America is believed to be that.

"We were told that, we men should be independent," Dr. Hall said.

Based on what she saw in Russia, Dr. Hall said she be-

lieves it is easier to live with mother and father in America than to work in many Russian families. It takes so much time every day to do the housework, she said.

U. S. Deaths In Viet Nam Up Over 1964

WASHINGTON (AP)—U.S. battle deaths in the Viet Nam conflict last year rose to 1,000, the highest since 1964, Defense Department figures showed today.

A total of 1,385 American servicemen were killed in combat with the Communists in 1965. The year broke a 1,000 death toll in combat, totaling only 146 in 1964.

The sharp rise in battle deaths roughly kept pace with the increase in U.S. forces in Viet Nam and with the deeper involvement of the United States in the ground and air fighting.

At the end of 1965, there were 161,532 American servicemen stationed in the country, compared with only 33,000 at the end of 1964 when the United States began carrying on mainly an advisory effort.

The Army bore the brunt of the U.S. battle deaths in 1965—1,000—while the Navy and Air Force 60.

The Army has by far the heaviest number of troops in Viet Nam of any of the services—111,246 out of the more than 160,000.

The Marine Corps ranks second in strength with 35,458 men, the Air Force 22,008, the Navy 9,030 and the Coast Guard 350.

Since Jan. 1, 1961, a total of 1,620 Americans have been killed by Communist action.

Incomplete statistics on wounded indicate that more than 15,000 men have suffered injuries in contact with the Communist enemy over the past five years.

Again, the largest portion of these wounds occurred in 1965—at least 5,969.

In 1964, there were 1,038 wounded—about one-sixth of the 1965 toll.

The current list of missing carries 149 names and 25 others are classified as prisoners of the Communists.

In addition to the battle deaths a total of 438 American servicemen have died in Viet Nam since 1961 because of causes other than hostile action. The 1965 share of this total came to 354.

Skater Back In Rink on Single Leg

KLAMATH FALLS, Ore. (AP)—A 13-year-old girl who won a roller skating championship last year is back at the rink on one leg.

She lost the other in a cancer operation less than a month ago.

"I just can't let something like this prevent my trying to regain the crown," said Kathy Waite of Klamath Falls.

Kathy is using crutches to help her get around on the skate with her one leg.

An artificial leg will be fitted in about five weeks. Nearly \$500 has been donated by local residents toward the leg.

"There is no question about her determination," said Art Harris, who operates the skating rink. "This girl is going to regain that crown in just one more year."

Kathy won the state junior roller skating title in May.

Site List for Atom Smasher Is Narrowed to 85

WASHINGTON (AP)—Source says that the committee named to choose a location for the proposed \$345-million atom smasher has pared the list of prospective sites.

Eighty-five communities in 43 states officially remain in the bidding, and those areas were narrowed from a list that at one time was more than 100.

The source said Illinois, Wisconsin, California, Colorado and Michigan among others, appear to be still in the running.

A selection committee of the National Academy of Sciences, which was given the task of weeding down the potential atom-smasher areas, is making proposals, will turn over its picks to the Atomic Energy Commission for the final choice.

Namath Rated American Football League's Rookie of Year by UPI

The Jets risked giving the biggest bonus of that date to Namath, who needed a knee operation even before going to training camp. They also traded Dick Wood, their top quarterback, to Oakland soon after the operation proved successful.

To win the starting quarterback position, Namath overshadowed the performance of veteran Mike Tomlinette and rookie John Harris, the Heisman trophy winner at Notre Dame in 1964.

By the middle of the season, the dapper quarterback from Beaver Falls, Pa., was at his peak. He led the Jets on a four-game winning streak, the club's longest in history, and threw four touchdown passes in one game against the Houston Oilers to tie a club record.

Namath wound up as the third leading passer in the AFL behind veterans John Hadl of San Diego and Len Dawson of Kansas City with 164 completions in 340 attempts for 18 touchdowns, 2,720 yards and a .452 completion percentage.

BOISE—The film library is one of the more popular services offered by the Idaho Film and Video Center, located at 1000 N. Myrtle St. in Boise. The library is headed by E. Kloss Brown, chief of information and education. The Department is working on 75 titles and plans to loan to libraries and schools. The film will show the modern methods of transporting fish from the hatcheries to where they are to be planted. In general, the films are limited to topics that are of interest to Idaho residents. That is, there is no loan on big game or fishing in Africa. Brown advised that there is a catalog of all the films available from the Department, and it can be obtained from the Idaho Film and Video Center, 600 South Walnut, P. O. Box 25, Boise, Idaho, 83701. The films are loaned out made at least two weeks in advance, and alternate choices given, whenever possible.

Included in the collection are such outstanding films as Walt Disney's Bear Country, Ducks Unlimited's Mallard Bay and Canada Goose, and several films produced by the Idaho Fish and Game Department. The Department's most recent

Travel Record At Craters Of Moon Set

ARCO (Special) — For the second consecutive year, a new travel record has been set at Craters of the Moon National Monument, reports Supt. Roger J. Conner.

Conner said a total of 204,000 visitors were registered, an increase of 8.2 per cent over 1964. Overnight camping increased 21.4 per cent, with some 21,000 campers counted during the summer and fall.

These figures are comparable to past years registered at other nearby areas of the National Park System, such as Yellowstone, Grand Teton and Glacier national parks.

Craters of the Moon National Monument was established in 1924 by President Calvin Coolidge. Within its 33,000 acres are outstanding examples of recent volcanic features, fissure eruptions, cinder cones, lava tube caves, tree molds and spatter cones.

Pruett also was appointed treasurer of the district.

Members approved the purchase of a beef to supplement the hot lunch program.

Supt. Marvin Rose was offered a new contract.

County Working Welfare Plan Is Success

The county commissioners feel that a working welfare plan, put into operation three winters ago, has proved beneficial to taxpayers and announced Wednesday they will continue with it.

Under the program, able-bodied men desiring county welfare will be put to work, when possible, at such places as the old

hospital, the fairgrounds, the old county farm, and doing such things as cleaning out borrow pits along the highways.

For services rendered, the County Poor Fund provides needy people groceries and fuel.

The commissioners said, "We are not about to dole out benefits to physically fit men who are too lazy to work. Our first obligation is to see that the taxpayers' money is not misused."

They added that the biggest problem is deciding who is really deserving of benefits. Commissioner Heber Loughmiller added that they don't give out benefits until the work agreed upon is done, because "once these people get their groceries,

or whatever, they don't show up for work."

Commissioner Chairman Morris W. Carlson said, "We don't particularly care about the men because they can make out on their own, but the little children suffer."

He said commissioners feel a system should be devised which would provide for the women and children, but one in which the men would have to fare for themselves.

According to figures, this policy of putting healthy men to work has saved the taxpayers a good deal of money during the last three winters. Previously, monthly poor fund outlays averaged \$28,000 to \$30,000. The monthly output is now \$11,000 to \$20,000.

The commission also advises transient workers to move to a warmer climate where work is obtainable during winter months.

NOTICE OF ANNUAL MEETING of the shareholders of the Chamber of Commerce, conducted the first meeting of the year Monday during a luncheon at the National Hotel. A film on school dropouts was shown.

It was announced that new by-laws of the chamber are being made for approval of chamber members.

REPORT on a recent meeting of the downtown merchants and of the shopping center was given with the announcement that the group will be known as Retail Council. Robert Sawick was selected as the coordinator.

It was announced that Gordon Powers, Burley High School graduate, will be guest speaker next Monday at the chamber meeting. Powers has spent the past two years in Jordan.

Reward

BUFFALO, N.Y. (AP)—A \$5 reward to the finder of a sealed bottle dropped 21 months ago into the Atlantic Ocean by an American soldier has been claimed by a Frenchman.

William J. Powers of suburban Kenmore says he dropped the bottle into the ocean March 2, 1964, from a ship 300 miles out of the New York harbor. He was then an Army officer returning from overseas.

In the bottle was a note containing the \$5 offer and Powers' address.

Powers says he received a letter last month from Gilbert Camon of Biscarossa, France, who found the bottle about 3,000 miles from where it had been dropped.

Other Countries Sought to Aid Cuba Refugees

WASHINGTON (AP)—American officials have begun indirect discussions with Cuba aimed at reuniting Cuban refugees with relatives in other Western Hemisphere countries besides the United States.

Several Cuban families in Latin-American countries have asked U.S. embassies about the possibility of the refugee airlift, officials said.

What Income to Report Taxable, Nontaxable Incomes Are Explained

By RAY DE CRANE
NEA Special Writer

Unless it is expressly exempt by law, all income you receive is taxable and as such must be reported on your income tax return. Some income is fully exempt; some is exempt in part.

Here are examples of taxable income: Salary, wages, tips, bonuses, interest, net rents, hobby income, royalties, alimony (taxable to wife, deductible by husband), business and professional net income, gambling winnings (deduct losses only to the extent of winnings), directors' fees and jury duty fees, dividends (subject to \$100 exclusion), unemployment compensation, veterans' benefits, war-time supplementary unemployment benefits and severance pay. Here are examples on nontaxable income:

Accident and health insurance proceeds, casualty insurance proceeds, life insurance proceeds, gifts, bequests, inheritances, Railroad Retirement Act pensions, rental allowances of clergymen, scholarship and fellowship grants, Social Security payments, unemployment compensation, veterans' benefits, war-time supplementary unemployment benefits and military mustering out pay.

Here are special rulings in almost every circumstance which can make part of a payment, taxable or nontaxable. For example,

the widow who receives death benefit payments from her husband's employer may exclude up to \$5,000 of the death benefit from income. The remainder if any is taxable.

Note that interest received is taxable, but interest received on bonds issued by a municipality, state or political subdivision thereof is specifically exempt from tax. That would include bonds issued by a port authority, toll road commission and state industrial development bonds. Also interest received on life insurance paid by reason of death of a spouse is excludable up to \$1,000 annually.

Interest received on U.S. government Series E bonds is taxable but the owner has the option of reporting the annual interest or of waiting until the bond is redeemed. At that time the amount is the difference between the purchase price and the redemption price; for example, the \$4.25 which has been earned on a \$35 bond which was purchased for \$30.75.

All interest received on a savings account, regardless of how small, should be reported. Even though it may be listed as a

Delayed

Michael Kernin had more than the usual prisoner's share of earnings Wednesday as he sat in his county jail cell.

Kernin, 22, Kimberly, is awaiting trial on burglary charges. Friday, however, he decided to get married. He and Joan Greene, 21, also Kimberly, were wed in the office of Probate Judge Zoe King.

The special privilege accorded him for the wedding wasn't broad enough to include a honeymoon trip.

Money Given To Widow by Prisoners

BOISE (UPI) — Ada County jail prisoners have passed the hat for the widow of a Washington County law enforcement officer slain on duty Christmas night.

Sheriff Paul Bright said the prisoners collected from \$15 to \$20 to send to the widow of Jim Alexander, Washington County deputy sheriff who was shot to death in a club at Cambridge. Murder charges have been filed against a part owner of the club, James Carey, 45, Cambridge.

Ada County deputies and members of the Boise Police force also are contributing to the fund, Bright said. Alexander, 28, was a former Boise and Nampa policeman.

divided, the amount received for deposits in a credit union or a savings and loan association is treated as interest.

The dividends received on life insurance policies generally are not taxable. They are regarded as a partial return of your own money which has been paid in premiums. However, if the dividends are permitted to remain on deposit with the insurance company the amount earned on them is treated as taxable interest.

Note that alimony paid in accordance with a court order is taxable to the wife and deductible by the husband. Child support payments made under the court order, however, are neither taxable nor deductible. If such payments constitute the child support of the child, the divorced husband lists the child as a dependent on his return. In this way an \$1,800 yearly support payment may entitle the father to a single dependency credit worth \$600 on his return.

Deadline for Medicare Sign up Noted

WASHINGTON (AP) — The Office of Economic Opportunity and Social Security have joined forces to warn some 600,000 elderly persons that unless they sign up before March 31 they may lose part of their Medicare benefits.

"Social Security officials feel they have reached, either directly or by mail, all of the 19 million elderly persons except this 600,000 who may live alone without friends and live from families, or in institutions, unaware of the need to visit a Social Security office."

OEO Director Sargent Shriver and Social Security Commissioner Robert M. Ball issued today a reminder that elderly persons who fail to sign up for voluntary doctor bill insurance by March 31 may have to wait two years for another chance and then pay higher premiums. They will have only the basic paid up hospital insurance, with no coverage for doctor bills or other medical services.

Operation Medicare Alert, funded by a \$2.5 million OEO grant, will recruit teams of elderly persons who work through already organized community action programs. These teams will try to reach isolated elderly persons in urban and rural low income areas, set up neighborhood informational meetings with assistance of older persons in getting to the meetings, and arrange for Social Security representatives to visit the sick or disabled who can't attend the meetings.

Ore Shipment To Kellogg Is Approved

TRAIL, B. C. (CP) — Pine Point Mines Ltd., announced Tuesday it has received government approval to ship another 14,000 tons of high grade ore to Kellogg, Idaho, from its lead-silver property in the Northwest Territories.

The shipment to the Bunker Hill Co. is authorized up to March 1.

Last year the company, a subsidiary of the Consolidated Mining and Smelting Co., shipped 50,000 tons of ore to Kellogg.

The federal government must approve all export of ore from Canada. The Pine Point exports are surplus to Canadian smelter capacity.

Pope Worried Over Replies To His Appeal

VATICAN CITY (UPI) — The lack of response to his new year's appeal for peace in Viet Nam is worrying Pope Paul VI, Vatican sources said Wednesday.

So far there has been silence — at least publicly — to the pontiff's messages to Soviet Leader Nikita Khrushchev, Chinese Communist Party leader Mao Tse-tung and the North and South Vietnamese presidents.

In a diplomatic move, Pope Paul urged the Soviets and Chinese to "intervene" in the cause of peace and urge the Vietnamese not to take any actions that would escalate the war or prompt new bombings.

The Holy Father is worried by the silence, the sources said. "He has shown his willingness to do everything possible in the cause of peace."

The Christmas cease-fire appeared to be a step in the right direction but there appears to have been little positive action since then.

THIS WAS THE AFTERMATH of an avalanche which blocked the rail line and road into the ski resort of Zermatt, Switzerland, today. The slide roared down from a steep slope outside the resort, covered the railway tracks and damaged the Zermatt terminal. All traffic was temporarily suspended on the Alpine railway and the parallel road leading 23 miles up the Zermatt valley to the resort, beneath the towering Matterhorn. WEDNESDAY, Jan. 5—Born In matters of romance you today, you have nothing low are not being under you are key about you. Whatever you enter into, you bring your full measure of heart, mind, and soul with you, and you attack the clinging-type of woman, both your work and your play, with such fervor that even onlookers from the periphery of your activity cannot help but coming enthusiastic about what you are doing. This is the sort of magnetism that is more valuable than personal charm—of which you have no lack—for it brings you not only admirers but, ultimately, assistants.

Because of your tremendous enthusiasm, you are somewhat inclined to approach life as a game, not taking seriously enough your losses, but, rather, thinking that any loss can be made-up the next time around. Not every move one makes in life can be taken over again, however, and it would be a pity if you were to let your head overbalance your heart when the decisions to be made are irrevocable.

Scientist's Body Found In Canal

AMSTERDAM (UPI) — The body of a Pentagon scientist who disappeared mysteriously Dec. 2, was found in a canal Tuesday afternoon, police reported.

An official announcement said Priced Richard M. "Dick" Hays, 56, appeared to have drowned.

There had been widespread speculation in the European press that Hays, a U.S. general, was involved with the U.S. Central Intelligence Agency (CIA). The U.S. State Department said Hays' wife had denied the scientist had any connection with the intelligence organization.

Hays' disappearance led Amsterdam police to speculate that he might have met with trouble while on a mission.

But a police spokesman said Tuesday that "at this stage we have no indications that he was a victim of any crime."

Governor to Join Medicare At Age of 72

BALTIMORE (AP) — J. Millard Tawes of Maryland will become the nation's first governor to sign up for Medicare, the survey by Social Security officials.

During a campaign to find persons who never had applied for retirement benefits in order to tell them about Medicare, the Tawes name turned up on a list compiled in cooperation with Maryland's Central Payroll Bureau in Annapolis.

Miss Dorothy Dye, Social Security field representative, then made an appointment to get applications from the governor and his wife.

Mr. and Mrs. Tawes will join Social Security and Medicare rolls Thursday, in a ceremony in the governor's Annapolis office.

When Tawes turns 72 in April — he's the nation's oldest governor — he and his wife will become eligible for monthly payments of \$203.90. Of the total, \$155.90 is for the governor and \$48 for Mrs. Tawes.

Student's Eating Habit Is Important

UNIVERSITY PARK, Pa. (UPI)—One way to help the school child to be a better and more active student would be his in establishing a nutritionally sound eating pattern.

The pattern is important because the snack habit has joined the traditional three meals a day, Louise Hamilton, extension nutrition specialist at Penn State University, said. In some cases snack foods have become more appealing than the foods served at the three meals.

It is essential to plan wisely, counting the calories for both meal and snack foods. If a child has a tendency to be over-weight, serve a combination of meats and snacks that add up to his required number of calories.

Breakfast is an important meal, but it need not be elaborate. Lunch is usually a "hurry-up" meal but dinner should be planned carefully to help the child get his needed amount of proteins, vitamins, minerals and calories.

Body of Man Identified by Nevada Police

ELKO, Nev. (AP) — A man found shot to death here Dec. 26 was identified Tuesday as John Russell Blair, 22, son of a Texas airman.

A sister, Mrs. Thelma Ibell of Sacramento, Calif., said she left him near Roseville, Calif., on Christmas Day and he planned to hitchhike to visit his parents, T. Sgt. and Mrs. Gordon Blair, at Shopperville, near Base, Wichita Falls, Tex.

Blair was shot three times in the head and mutilated. The body was dumped on a snow-bank near a state highway.

His sister said she had no idea why he might have been slain; that he had only a few dollars.

Utah Observes Anniversary

SALT LAKE CITY (AP) — Utah observed the 70th anniversary of its statehood Tuesday.

Ceremonies were held in the State Capitol Rotunda.

About 200 persons attended. Gov. Calvin L. Rampton spoke, as did Dr. Milton C. Abrams of the Utah State Historical Society and historian David E. Miller of the University of Utah.

The governor said that Utah, "despite problems, setbacks, some bitter disappointments, an despite controversy," has continued to increase not only its population but its productivity.

Artemus Ward Quote on Borrowing Money Is Reality

WASHINGTON (UPI)—In the last century Artemus Ward wrote: "Let us all be happy and live within our means even if we have to borrow money to do it."

Ward was a humorist and the nation responded with laughter. Here we are now, 80 years later, and it's not a joke. This year the installment debt in the United States passed \$50 billion, of \$18 for every man, woman and child in the country. It had gone up \$18 billion since 1961. It was rising much faster than the total income of American families. In the last 10 years total income rose 40 per cent; the installment debt increased by almost 100 per cent.

Is this good or bad?

It depends on who you happen to be talking to at the moment. To a man who is falling behind on his payments on a car and a television set, installment buying is a plot hatched by the devil to plague honest men. To the

automobile manufacturer in Detroit it is oil that keeps their business spinning. In the last four years credit extended to purchase automobiles has increased by \$3.5 billion.

There are all sorts of ways that people can live on credit. They can charge things at department stores and have a month to pay. One of the newest developments is the credit card, which has enjoyed a phenomenal rise in popularity and now accounts for 12 per cent of the total in the charge account classification. Ten years ago credit cards were only 5 per cent of the total.

If installment buying were halted tomorrow, the American economy would go into a tailspin in the New York Stock Exchange. So merchants keep expanding installment credit and the consumers keep asking it up.

The risks for the merchant are surprisingly small. There are no accurate figures, but the

Associated Credit Bureau in America estimates the defaulters are about 1 1/2 per cent. They are known to credit men as "won't pay's." In other words they have no intention of making the payments when they sign the sales contract.

If you are going to buy something on the installment plan, be prepared for a rigorous investigation. It is likely that your employer, your bank, your landlord and even your neighbors will be questioned. If you have been convicted of drunken driving or too many traffic offenses, things are going to be tougher for you. If you and your wife have had a spat and separated even for a brief time, the credit man is likely to look at you with a jaundiced eye. Your drinking habits weigh heavily. So will any extra-curricular amorous activity.

If you pass all these tests successfully, then the following fac-

tors will determine whether you get credit:

—How long have you been in your present job? The longer the better.

—What is your record for meeting payments in the past?

—How do the amount of the payment fit into your total income? The installment obligations do you have to other stores?

—How big a down payment are you prepared to make? The bigger the better.

—How many months do you want the installment contract to run? The fewer the better.

—How long have you lived in your present residence? Do you own it and, if so, is it mortgaged? If you rent, how much rent do you pay? How long is your lease?

—The best thing you can have is a regular checking account which has maintained a favorable balance over several

years. The worst thing you can be is a "transient" worker, moving frequently from job to job and city to city. Some credit bureaus classify taxi-cab drivers, longshoremen and bartenders as "transient workers" although there must be thousands of men in all those jobs who are buying on the installment plan and meeting their payments promptly. Women who have been divorced or separated generally are looked upon with suspicion unless they can prove their financial responsibility. Alimony seems to be considered a precarious source of income.

Families with incomes of between \$5,000 and \$8,000 a year appear to be the most likely ones to indulge in installment buying. Farmers, as a class, do less of it than other categories of citizens.

Whatever his class and income, a person who goes in heavily for installment buying

inevitably comes to be in agreement with this useful couplet by Ogden Nash:

"O money, money, money, I am not necessarily one of those who think thee holy, 'But I often stop to wonder how thou canst go out so fast when thou comest in so slowly."

"Crackpot" Call Reported Here

According to the Twin Falls police sergeant's daily report, Twin Falls has its crackpots, too.

Monday night someone called Mrs. Emma Bruning, 948 Blue Lakes Blvd., and after she answered three times the unknown caller said, "Tonight you die."

Mrs. Bruning said the caller sounded like a teen-ager.

If you receive such a call, police authorities advise you call them immediately.
